Issue Details

Location of Issue:	Road from A4 Calstone turning to top of Spray's Hill.
Community Area:	Calne
Parish or Town Council:	Cherhill
Nature of Issue: (max 600 characters)	
This stretch of road is single carriageway with passing places. It has several "blind bends", entrances with no visibility. The road is frequently used by horse riders, walkers, cyclists, farm machinery and children playing. There is a nursery located on this stretch of road. The road is dangerous due to the inconsiderate driving of many road users. There have been many accidents and "near misses" – fortunately most of the accidents have, so far, not caused injury.	
How long has it been an issue?	20 years plus – it is getting worse due to traffic volumes increasing
What would you like done to resolve this issue? (max 600 characters)	
20mph speed limit (a recent survey showed current speeds averaging 24mph over a 2 week period). Improved signage – indicating the mixed usage of the road, indicating, for example, that drivers may encounter a horse rider, or dog walker, or both, round the next blind bend. Road markings, e.g. "SLOW", around the blind turnings at Theobalds Green. See attached document for more information.	
Have you been in touch with your local Wiltshire Councillor? (Yes/No)	No

***This form needs to be completed and e-mailed or sent to your local Town or Parish Council.
